❧ Announcement. ❧

IN PRESENTING this, my Annual Sale Catalogue, to the Short-horn Breeders of America, I feel assured I am presenting an offering which both concerning the individual merit and the pedigrees, are what the American Breeders are most seeking. *Scotch Cattle*, by reason of their success in the leading show yards of this country, both in the breeding and fat stock classes, they have demonstrated their ability to improve any line of breeding upon which they have been used. It seems useless for me to dwell on this topic, only to say that I have purchased freely from the leading herds of Scotland. With this lot of imported cattle, together with a few of the choice home bred heifers and bulls, I feel will be a rare opportunity of securing strictly choice cattle of show yard character.

TERMS:—Cash or approved note for a short time, bearing seven per cent interest from date. Parties unknown to me please bring bank reference.

The cattle will be loaded on the cars, free of charge, but will be at owner's risk as soon as bid off. Any defects will be made known on day of sale, but no guarantee as to future usefulness.

OSBORNE is located between Dayton and Springfield on the Big Four and N. Y. P. & O. railroads.

Dayton, Springfield & Urbana Electric Railroad passes within three-quarters of a mile of Farm.

Sale at farm, two and one-half miles north of Osborne.

CORNELIA was awarded several prizes in Scotland. Her dam Camilla is a thick massive cow of nice feminine character; her granddam Red Ruth also won many prizes in Scotland. Mr. Cruickshank's closest friends state the Clippers were his favorite family.

CORNERSTONE (68406), for whom Mr. Gordon has refused \$5000, was awarded first and championship prizes at the Highland Society's show in 1899, defeating the Royal winner Count Beauty, and the Queen's heifer which was champion at the Royal in 1899. He was got by Touchstone (60073) (a Sittyton Secret and sire of many prize winners), out of Sunflower, by Roan Gauntlet (35284).

MARIO 2ND (59439), one of the most successful sires used by Mr. Gordon, was got by the Mina bull Mario (51713) (the greatest show bull of his day in Britain) out of Palmistry, by Doctor A. Duff (46167).

STAR OF MORNING (58189), out of Patience (of the famous Sittyton Clipper tribe), by Doctor A. Duff (46167), has a record as sire of Royal and Highland Society winners which is second to none; a cross of the "Star" was always a recommendation, as he got his produce wide ribbed and big fleshed like himself. He sired a great number of calves, the average for which in the three years (1896-97-98) alone was £53 8s. (about \$265.)

The Missies are well known by all Shorthorn breeders in connection with Marengo and other noted winners. Missie 141st is one of the best cows at Uppermill.

WANDERER (60138), sired by Commodore (54118); dam Godiva by Cumberland (46144), grand dam Gilliver by Roan Gauntlet, was a Grand old bull; excellent rib, fine level back, smooth in shoulder, extra good in hind quarter and finishes well at tail head. I considered him one of the very best bulls in Scotland. His dam, Godiva, was one of the best cows at Sittyton and dam of several of Mr. Cruickshank's stock bulls. He was also sire of Scottish Champion, the highest priced bull calf of 1898 either in Great Britain or America, bringing \$1,650 at public auction.

CAPTAIN OF THE GUARD, bred by the late Amos Cruickshank at Sittyton, was sired by Commodore (54118), one of the last great bulls produced by that distinguished breeder before the sale of his herd. His dam was Christmas Carol by Cumberland (46144); second dam Cornucopia by Grand Vizier (34086); third dam Courtesy by Scotland's Pride (25100); fourth dam Cicely by Lancaster Royal (18167). This cow Cicely, of the Cruickshank herd, had the same maternal derivation as Mr. Marr's Alexandrinas, both tracing to Grant Duff's Kilmeny by The Peer (5455).

WILLIAM OF ORANGE, (50694); bred at Sittyton from the Orange Blossom family, his dam being Orange Blossom 21st, by Cæsar Augustus (55704), and his sire Cruickshank's famous bull, Roan Gauntlet (35284), one of the best getters ever used at Sittyton. William of Orange was bought by Mr. Marr when a calf. He has done excellent service at Uppermill, and with the exception of Heir of Englishman (24122), he is second to no bull as a getter that was ever used in the herd. Many splendid animals sired by William of Orange have been purchased by some of the principal breeders in England, Scotland, and America.

IMP. MISSIE 165, I consider one of the best show heifers in the United States. She was shown at Chicago Inter-nation show last December, winning easily first in her class under 18 months, one of the strongest classes of the show. She has kept her smooth form in good condition and promises well for the future.

CAPTAIN INGLEWOOD (74107) roan, by Captain of the Guard (58596) by Commodore (54118) out of Inglewood Posy of the late Robert Thompson's noted show family. Capt. Inglewood was the highest priced bull calf at the Perth Spring sale in 1898.

GOLDEN RAY (67132) by Scottish Archer (sire of Brave Archer, recently imported by Mr. Kelly of Ohio for \$6000). dam Guelder Rose by Pride of the Isles (35072). Golden Ray is own brother to Sittyton Pride. They are well bred "straight" Cruickshanks.

WILLIAM OF ORANGE, (50694); bred at Sittyton from the Orange Blossom family, his dam being Orange Blossom 21st, by Cæsar Augustus (55704), and his sire, Cruickshank's famous bull, Roan Gauntlet (35284), one of the best getters ever used at Sittyton. SILVER KING is a son of the great bull Wanderer. The Princess Royals are a very popular family at Uppermill, and run the Missies hard for first place.

SCOTTISH ARCHER (59893), roan, bred by A. Cruickshank, Sittyton; sire Cumberland, dam Surname by Pride of the Isle (35072), was purchased when a yearling by Mr. Willis of Bapton Manor for 300 guineas, and is now one of the stock bulls at Collyine. Mr. Duthie considers him one of the best animals and one of the best sires he ever owned.

COLLYNIE CROCUS, red roan, is a very promising heifer, and full sister to Mr. Gordon's great prize bull Corner Stone, champion at the Highland Society's Show, Edinburgh, 1899.

BUTTER SCOTCH, by the great Star of Morning, and of the Sittyton Clipper tribe, gained many prizes, including first at the Highland Society's Show.

LOVAT CHAMPION (74948), red, bred by Lord Lovat; sire Royal Star (71502), dam Victoria by Proud Duke (59713). Lovat Champion winner of first and special prize at Inverness Spring Show and Sale in 1899, and bought by Mr. Duthie for 200 guineas.

TOUCHSTONE (60073), a Sittyton Secret, was got by the Brawith Bud Gondolier (52956), out of Sunflower, by Roan Gauntlet (35284). Touchstone has proved to be a wonderful getter of prize winners, being sire of Mr. Harrison's great show bull Cornelius' Cornerstone (68406) (first and champion at the Highland Society's Show in 1899, defeating the Royal winner Count Beauty and the Queen's heifer, which was champion at the Royal the same year) and many others.

STAR OF MORNING has a record as sire of Royal and Highland Society winners which is second to none. QUEEN VICTORIA is by Village Archer (71789), which bull is owned by the Duke of Richmond and Gordon, and is by Scottish Archer (59893), dam Village Maid 17th by Master of the Ceremonies (56162). This cross stamps this bull as an extra good sire, and the Duke of Richmond and Gordon is using him extensively on all his Booth cattle. There are several of the produce of this bull at Ruddington Hall, where they are highly esteemed, in fact, anything descended from Master of the Ceremonies appears to be successful.

VILLAGE ARCHER (77189.) Roan, calved March 12, 1896, bred by Wm. Duthie; sired by Scottish Archer (59893), out of Village Maid 17th by Master of the Ceremonies (56162); 2d dam Village Maid 15 by Prince of Grange (51916); 3d dam Village Maid 11th by Ventriloquist (44180); Village Maid 8th by Royal George (32386); Village Maid by Bridegroom (21311); Village Belle by Garibaldi (21795); Village Queen by Hotspur (21960).

MUSGRAVE, a red bull from Uppermill, sold to the Duke of Richmond and Gordon. He belonged to Mr. Marr's great Missie family, having been sired by Criterion (57122) out of Missie 111th by Lord Raglan (54638); Missie 98th by Athabasca (47359); Missie 69th by Sydney (42469).

FRANKFORT was bred at Sandringham and sold to the Duke of Richmond and Gordon for use in the Gordon Castle herd. He was sired by Fitz-Mowbray (49591) out of Fraulein by Admiral (39353); Fragrance by the General (35768); Faustula by Victorious (25378).

CORNER STONE was first and champion at the Highland Society's Show in 1899, beating Brave Archer and other great show bulls.

STAR OF MORNING (58189), bred by Mr. W. Duthie; sire Marr bred bull Rising Star (54920), dam Baroness 6th by Field Marshal (47840). This bull won many prizes in his youth, and is sire of numerous winners, among others, of Mr. Duthie's Pride of Morning (64546); of Twinkling Star (64931); of Asterisk (62094), winner of many prizes in England, and sire of well-known animals in the hands of Mr. W. Atkinson; and of the prize-winning cows Estelle, belonging to Mr. Merson, Craigwillie; of Butterscotch, Buttermilk, and Daisy, all either local or Highland Society's prize takers. These animals, with the exception of Pride of Morning, whose dam was purchased by Mr. Duthie at last Newton Sale when in calf, were bred at Newton.

MARIO (51713), bred by Mr. W. Duthie, was the famous champion bull at the Royal English and Highland Society's Show in 1888.

DOCTOR A. DUFF (46167), by Comet (41250), dam Eglantine, by Nobility (34912). As few of this bull's calves have come to this country, it is, perhaps, not strange that little is known about him in America. His reputation in Scotland as a sire of *good ones* is firmly established. He was to Mr. Gordon what Champion of England was to Mr. Cruickshank.

Dropped bull calf January 10, 1901, by Corner Stone (68406).

BLYTHE VICTOR, 140609, was bred by W. S. Marr, of Uppermill, Aberdeenshire. I consider his dam one of the very best cows in the Marr Herd, being a large and smooth animal. His sire, Golden Victor (70542), whose dam is Golden Fairy, one of the very best of the thirty-two yearling heifers bought at Sittyton in 1889. His sire and grand-sires being some of the most noted English and Scotch show bulls. Blythe Victor was sold at last May sale to Col. Casey, of Missouri.

BARON CUPBEARER, 117969. Got by Baron Victor 2d, 101688. Dam, Simplicity 2d by Imp. Cupbearer, 91223, 2d dam Imp. Simplicity by Cumberland, combining the very richest of Mr. Cruickshank's breeding. He was a bull of the right type, being exceedingly low to ground and quite smooth with extra good handling qualities, was first in his class at Ohio and Michigan State Fairs, and received second premium at Illinois State Fair 1895.

BARON BUTTERFLY, by the Rose of Sharon, bull, 2d Duke of Grassmere 14651. (The noted sire of many prize winners.) Comes from the famous Townley Butterfly tribe, from whence sprung the world-renowned "Master Butterfly," who carried off all the prizes he competed for in England, and was sold to go to Australia for \$6,000.
